Leak Protection Program Cancellation Form

Declining the Leak Protection Program: I am choosing to opt out of the Leak Protection Program on my account. I understand that when I decline to participate in the program and I have any kind of leak, install a swimming pool, replace a pool liner, or experience high water usage due to unforeseen circumstances, that there will **NOT** be an adjustment offered on my account. I will be fully responsible for paying the utility bill in full.

Printed Name

Account Number
