# DON'T BLOCK THE WALK!

## DID YOU KNOW?

According to the Census Bureau, 13% of Lebanon's population under the age of 65 have a disability.

Parking on sidewalks creates unsafe situations for pedestrians and drivers by causing pedestrians to go into the road to bypass the car.

Disabled pedestrians rely on accessible sidewalks for a safe method of travel every day.

**KEEP THE CITY'S ROADWAYS AND PEDESTRIANS SAFE BY KEEPING THE SIDEWALKS CLEAR.**
